

COMMUNITY FOUNDATION OF NORTHERN ILLINOIS

2021 SCHOLARSHIP REPORT

*What if a **whole community** paid it forward?*

COMMUNITY FOUNDATION
OF NORTHERN ILLINOIS

A WORD FROM THE PRESIDENT

**DANIEL
ROSS**

President
Community
Foundation of
Northern Illinois

Last June, twenty days before starting a new role as President of the Community Foundation, my family and I tuned into watch the 2020 virtual CFNIL Scholarship Award Night. To say it was an incredible experience is putting it mildly; I was blown away by the depth of the scholarship program's impact and the breadth of the community's involvement in this work. Those 22 minutes revealed (and the eleven months since have confirmed!) that the people of northern Illinois are not only generous, they are committed to strengthening the future of our community by direct investment in local students.

We believe that this report is an answer to the question posed on the cover: What if a whole community paid it forward?

- Donors who give out of thankfulness for past generosity toward their own education
- Volunteers who devote significant time and attention to ensure every applicant has a fair shake at an award
- Students who commit to completing a degree or advancing their career to improve their own life and the community around them

A scholarship is more than a check; it is a down payment on our future. Read on to learn more about the CFNIL Scholarship Class of 2021. We think you will agree that our community, a community that pays it forward, is building a future that is solid and bright.

Congratulations to the CFNIL Scholarship Class of 2021, and our deep thanks to the donors and volunteers who make this effort possible!

Something that was really important to me was recognizing that if I was able to utilize help from organizations like the Community Foundation when I was going to college, that would propel me to put myself in a position where when I'm older I can do the same for other students. So it was very important to me to put myself in a position where not only could I serve myself, but I could create a legacy of serving others...

[Because of] my work with the In Youth We Trust Council here, I was able to see the big impact you can have on your community if you're willing to look at problems from multiple angles. I decided that ultimately if I wanted to be someone who was able to fix some of the larger problems I saw in the world, I needed to be able to look at them from both a moral and a financial perspective.

CFNIL 2021 SCHOLARSHIP REPORT

While the communities of northern Illinois continue to feel the impact of a pandemic, there are still lots of reasons to celebrate and anticipate great things to come from the CFNIL Scholarship Class of 2021: 140 students from 28 high schools, awarded over \$335,000 in support of their educational aspirations.

A Community Effort

This year over one hundred community volunteers read and reviewed nearly 1,000 applications. Despite having to meet via Zoom for the second year in a row, reviewers recommended 175 scholarships totaling \$335,874.

Supporting Diverse Students with Diverse Goals

CFNIL Scholarships were created by donors that recognize the importance of helping students achieve their educational goals, now and in perpetuity. These donors selected criteria based on their interests and the community's need. Many of CFNIL's scholarships are memorials, which celebrate the life and passions of individuals. The diversity of scholarship offerings reflects the diversity of CFNIL's donors and the communities it serves.

The majority of scholarships are for current college students and graduating high school seniors in Boone, Ogle, Stephenson, and Winnebago Counties. Scholarships are available based on a variety of factors: community engagement, academic achievement, financial need, athletic participation, field of study, and more. There are scholarships for non-traditional, minority, and first-generation college students; nearly two dozen scholarships are available for students who have a GED.

The Privilege of Stewardship

It is a unique and distinct privilege to connect the generosity of donors to hundreds of exceptional students from across the region each and every year. CFNIL is pleased to provide this report of awards made in the 2021 scholarship cycle and a closer look at the achievements and aspirations of this year's recipients.

Thank you for reading!

Here's to the CFNIL Scholarship Class of 2021!

It's not easy going back to school. I'm disabled so I'm on Social Security and I didn't think it would be possible. With the foundation and opportunities like these it makes it easier for me not to give up on my dream. My passion is helping people, and now I'd like to focus on the senior members of our community. I'd like to be able to learn how to help them in a more effective way.

I'd like to say thank you! If it wasn't for organizations and people like [this] that support non-traditional students like us then it wouldn't be possible to continue our education.

CFNIL SCHOLARSHIP CYCLE AT A GLANCE

What if a whole community paid it forward?

Introducing: [ScholarshipsNI.com](https://www.scholarshipsni.com)

In 2012, local organizations came together to hold a Scholarship Fair for the benefit of students in northern Illinois. The success of that first fair ensured it would become an annual tradition, connecting providers of local scholarships and other types of financial aid resources to people planning to further their education. In 2019, nearly 400 people from across the region attended the Fair.

When it became clear that the impact of COVID-19 would not permit an in-person 2020 Scholarship Fair, the presenting partners made the most of the opportunity and established [ScholarshipsNI.com](https://www.scholarshipsni.com), a one-stop-shop for details about local private scholarships, as well as information about broader financial resources.

The Community Foundation of Northern Illinois, Illinois Student Assistance Commission, Rockford Public Library, and Rock Valley College Foundation are pleased to provide this resource to the communities of northern Illinois, and hope it will increase access to resources and information for students, parents, counselors, providers, and people interested in supporting students' aspirations for years to come.

I will be pursuing a BS in Psychology.
I want to help people like I've been
helped in the past.

I think [this scholarship] will help me in
a lot of ways especially because I have
to pay for equipment for my vision
needs, so that will take a little pressure
off of me.

I appreciate all the hard work and
everything you've done to help me
achieve my goals.

INTRODUCING THE NEW:

Since CFNIL's first scholarship was given in 1994, we've awarded more than \$3.4 million dollars to thousands of northern Illinois students. Hundreds of volunteers have read thousands of applications, and every year come to the same conclusions: our students are doing amazing things, and there are far more deserving applicants than scholarships to give. There are always students who deserve an extra boost, who have overcome unbelievable obstacles to complete their education and just need a little more to get over the finish line.

They've inspired us to create the new Pay It Forward Scholarship, and we're asking our whole community to help us. Pay It Forward is CFNIL's first crowdfunded scholarship, meaning that it wasn't created by a single donor but instead will be funded by gifts from the community.

A generous donor who wants to inspire generosity in others has agreed to match, dollar for dollar, every donation to the fund by December 31st, up to \$30,000. If we reach that goal, we'll have a total of \$60,000 and will be able to award an extra \$2,400 to deserving students every year in perpetuity.

The Pay It Forward Scholarship is also unique because every student who applies for any CFNIL scholarship and lives within the CFNIL service area will be eligible. No additional essay or references necessary. Our reviewers will be looking for students who demonstrate grit and the ability to overcome obstacles in the pursuit of their post-secondary education, and students won't need to do anything extra to be considered. It also gives our reviewers an opportunity to support those students who may not be the best fit for the scholarship they're reading, but whose stories leave an impression.

**If you'd like to contribute, visit cfnil.org/scholarships.
We hope that you'll help us to Pay It Forward as a community for years to come!**

The more than 90 scholarship funds managed by the foundation conveys its mission, which is to preserve and grow an endowment for the current and future needs of the people of northern Illinois. Our donor's wishes will be preserved for generations through the power of endowment, and the resources they generously provided will be available for our students as long as there is a need.

It is our privilege to connect the generosity of donors with exceptional students from across the region this year, and for many years to come. Congratulations!
